

Thank you for this wonderful opportunity to be considered to serve on the Aurora Board of Directors!

A bit about myself:

Professionally, I have been a public servant and advocate for most of my professional life. I have spent time working for the provincial government as both a Deputy Sheriff in the Provincial Courts and then as an Employment Standards Officer for the Ministry of Labour Relations and Workplace Safety. Most recently, I have spent the last 8 years of my working life working in a union representative capacity for both Saskatchewan Polytechnic's Faculty Association as the Supervisor of the Labour Relations Team and most recently have transitioned to representing healthcare professionals as a Labour Relations Officer for the Health Sciences Association of Saskatchewan. I hold multiple certifications in OHS, Labour Relations, Mediation, Conflict Resolution, and I am a certified Notary Public. In my early career, I served as the Sports Leagues Administrator at the Ramada Hotel and Golf Dome where I managed a 50 team slow-pitch league, men's and women's indoor flag football leagues and created and ran an indoor volleyball league. My responsibilities included, scheduling of games and officials, purchasing equipment, sponsorship, food and beverage, writing a weekly newsletter, league liaison and more.

Personally, I have lived in Saskatoon for 25 years, and have spent the last 11 years in Willowgrove with my wife Gloria, son Karson (11) and daughter Kenzie (8). Both Karson and Kenzie have enjoyed a variety of sports in their young years, ranging from parkour, track and field, soccer, baseball, dance, rock climbing and cheerleading. While Kenzie has stuck with cheerleading, Karson has fallen in love with soccer and goaltending, just like I did at a young age for VSA Rovers. Karson has spent the last few years with Auroura and developed a true love for the game and the club because of the wonderful friendships he has made and the inviting atmosphere that Aurora has for young athletes.

Having grown up playing soccer with Valley Soccer under Percy Hoff, I have a history of soccer that followed me into my teens and then perked back up in university intramural sports. The love for the game and community never left me as club soccer has always been a great physical activity and bonding opportunity with other players. Knowing that most clubs are only as strong as their volunteers, when Karson joined Tim Bits soccer via the Community Association, I volunteered to assistant coach the community team. When Karson came back to soccer a few years later after trying a few other sports, I again put up my hand to help shape and develop the skills and minds of the young men on the team. Coaching my son has been a great experience as I get to watch him grow as a person and a player.

I have spent the last two years as both an Assistant Coach and Head Coach for Aurora and have a vested interest in helping the club uphold the value of sport and teamwork that are so important in youth sports and child development. I have again volunteered for the 2025-26 indoor season as a head coach and look forward to coaching the U13B Hydra team.

I feel that I bring a wealth of knowledge and experience to this position on the Board and a willingness to contribute, learn and help grow the club, the players and soccer within the district, Saskatoon and the province as a whole. I have loved coaching for Aurora and getting to know the club staff and coaches. I feel that I can contribute further by being elected to the Board to help in the more large-scale decision making and advisory needs of the organization so that Aurora continues to be seen as the leader in club soccer and organized sports in Saskatoon.

Thank you for your thoughtful consideration.

Warm Regards,

Adam Farion
