

I have been on the Aurora Soccer Club for a few years now and over the past 2 years have been involved in the Finance and Risk area as well as Chairing the Special Projects Committee. As I have been the key/main proponent in driving forward the Sports Dome (Soccer Dome) with the project partners, I would like to remain on the board to further evolve this project until it has its own momentum to continue forward.

My daughter grew up in the Aurora environment as a young player and has since moved on. My volunteer positions started as a team manager in her younger years. At present, I am not a parent coach or team manager.

I have extensive board experience in multiple organizations which hopefully have added value to the board to date, and I hope to contribute similarly going forward.

**Previous board experience:**

1. Vereco Smart Green Homes -Board of Directors (2010-present)
2. Canadian Green Building Council, SK Chapter, Board of Directors (2010-2014); Chair of Build Saskatchewan Green Conference
3. Enerquality Board of Directors (2015-2024); Finance and Audit Committee Member
4. Saskatchewan Solar Coop Board of Directors (2011-2014)
5. Association of Professional Engineers Saskatchewan- Environment and Sustainability Committee (2013-2019); Chair of Committee (2017-2019)
6. One Tribe Indigenous Carbon Board member (2021-2023)
7. Aurora Soccer Board Member (2021- present); Chair of Special Projects Committee
