

I'm Riley Korthuis, a proud firefighter with the City of Saskatoon and father to two boys who currently play with the Aurora Soccer Club. Over the years, I've had the privilege of coaching their teams in both head coach and assistant roles, deepening my connection to the club and the sport. Born and raised in Saskatoon, I've been involved in soccer since the age of 10. My playing experience includes time on the provincial team, two seasons with the Lethbridge College men's soccer team, and continued participation in the local men's league.

My background as a player, coach, and parent gives me a well-rounded perspective and a strong foundation to serve as an Aurora Board Member. I'm committed to offering honest, constructive feedback and helping shape a positive, inclusive environment for all members of the club.

Looking ahead, I'm passionate about fostering greater transparency with parents, improving communication between families and staff, and supporting the development of a well-organized, cohesive club culture.
